

GoAnimate

Directions

Step 1:

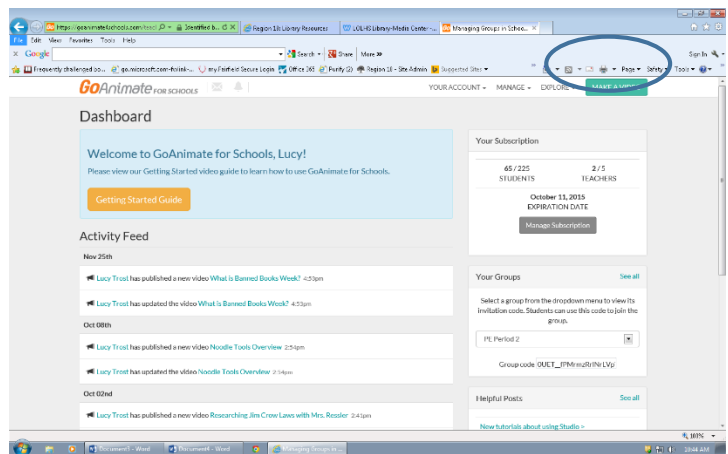

Login

Go to
lolhslibrary.region18.org.
-Hover over WebTools &
Apps and select
GoAnimate.

Step 2:

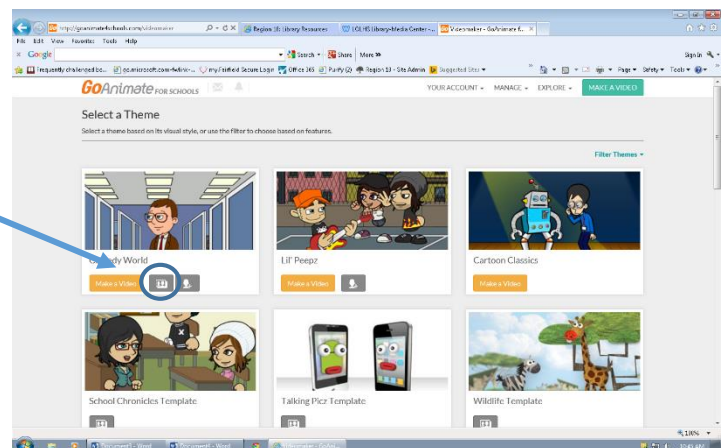

Create Video

Step 3:

Select a Theme

I would recommend a
template. This is easier.
But, if you want to
customize and design
your animated video you
have an option to do
that.

**Step 4:
Choose a Setting**

This should be a logical setting for your conversation.

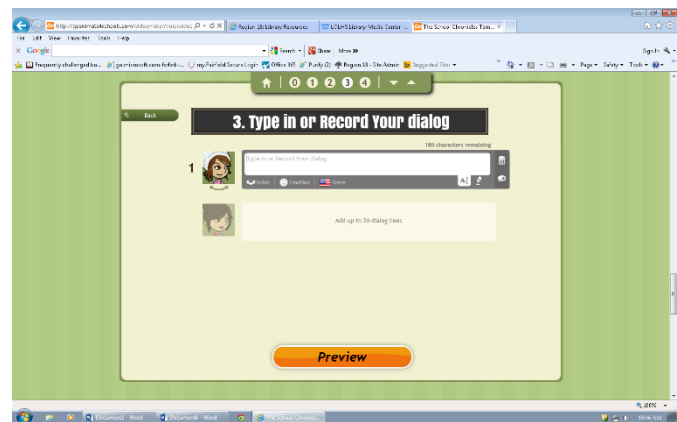

**Step 5:
Select Your Actors**

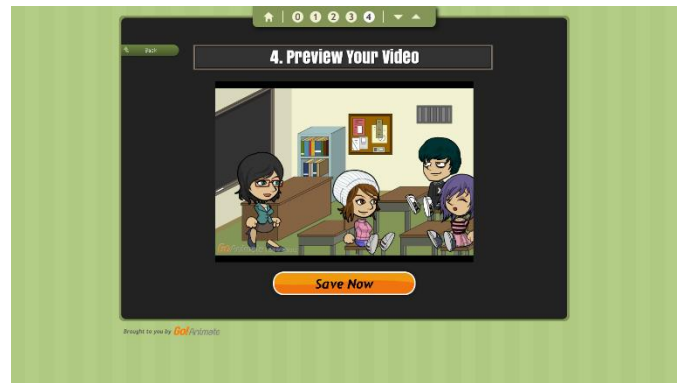

**Step 6:
Type your script**

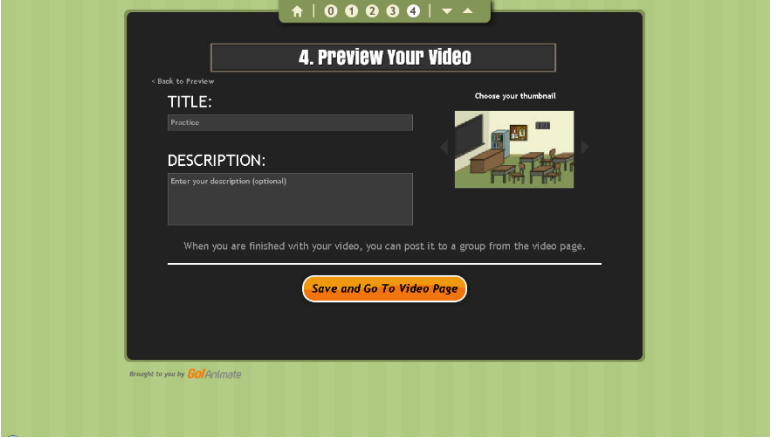

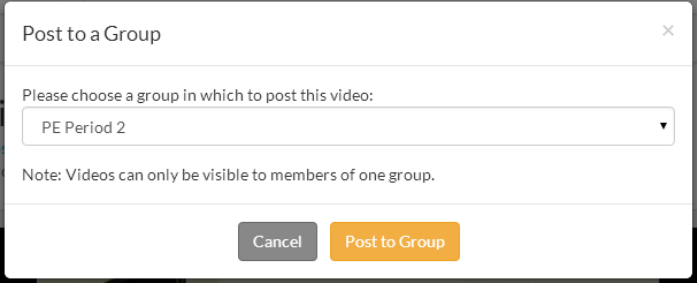

Include enough information to give your audience a preview/introduction of/to your presentation.

**Step 7:
Preview Your Video**

If you don't like something make changes.

<p>Step 8: Give your Video an appropriate title and description.</p> <p>Click Save a Go To Video Page.</p>	
<p>Step 9: Post to your group.</p>	
<p>Step 10: You will insert/embed it into your PowerPoint or Prezi. (We will preview your video and post it to the LOLHS YouTube Channel.)</p>	<p>Instructions for Prezi: https://prezi.com/support/article/creating/inserting-video-files-including-from-youtube/</p> <p>Instructions for PowerPoint: https://support.office.com/en-nz/article/Insert-video-into-your-presentation-7d9d3db6-23a7-46ec-9e22-3496e42996db</p>
